

Your Prototype Modeling Solution

**a+j is your local, personal connection
for the following services:**

Main Services

CAD/CAM/CNC Machining
Multi Axis Surface Milling
Silicone RTV Mold Making
Polyurethane Casting
Elastomer Casting
Finishing

- Fine Hand Finishing
- SLA Finishing
- Polishing
- Bead Blasting All Materials

Painting

- Turnkey Color Matching
- Textures
- Short Run Production

Resins

Rigid Polyurethane Resins

- Colors
- Clear
- Tints
- UL Rated Fire Retardant
- Medical Grade
- D Shore Durometers 4-90

Flexible Elastomer Resins

- A Shore Durometers 15-90
- Colors
- Medical Grade

Casting Technology

Meter Mix Dispensing System
Injection System
45 Minute Part Cycle Time
Large Scale Part Capacity
Pressure Casting
Gravity Feed
Co-Molding (Over-Molding)

Service Bureau

Graphics
Pad Printing
Silk screening
INT (Dry Transfers)
Production Painting
Rapid Prototyping (SLA)

Machining Solutions

CNC Machined Master Patterns & Prototypes
SLA Finishing
Many File Types Accepted

- IGES
- STL
- STEP

And much more...
